NIDHI N D

INFORMATION SCIENCE & ENGINEERING STUDENT | ASPIRING SOFTWARE DEVELOPER

Bengaluru, Karnataka • +91 72048 31743 • nidhindgowda@gmail.com • linkedin.com/in/nidhi-n-d-gowda-3a6651362 • github.com/nidhindgowda

SUMMARY

Motivated Information Science & Engineering student at Atria Institute of Technology (Currently 3rd Year, 5th Sem | CGPA: 9.04) with practical experience in Java programming, Web Development, and Data Structures & Algorithms (DSA). Demonstrated track record building native Android applications, interactive web applications, and embedded IoT systems. Recipient of 3rd Prize at the College Project Exhibition and Letter of Recommendation (LOR) for Web Development excellence. Seeking a Software Developer Internship to apply core software engineering skills in an innovative team.

EXPERIENCE

SkillCraft Technology — *Web Development Intern* **Earned LOR & Certificate** Recent

- Engineered 4 responsive web application projects utilizing HTML5, CSS3, Vanilla JavaScript (ES6+), DOM Manipulation, and modern UI systems.
- Developed an interactive Task Manager Web App with LocalStorage synchronization, modal editing, and real-time completion progress tracking.
- Built an 8-Semester Cosmic Aurora Quiz Arena supporting multi-format questions (Radio, Checkbox, Fill-in-the-Blank) and timer countdowns.
- Designed a millisecond-precision Stopwatch & Lap Timer App featuring 60fps tracking (`performance.now()`) and keyboard controls.

InAmigos Foundation — *Content Writer & AI Data Analytics Intern* Recent

- Compiled comprehensive research reports analyzing AI-assisted primary education tools and literacy metrics (+38.5% uplift) in rural India.
- Authored a consulting-style AI Impact Analysis Report evaluating 6 core social welfare projects to optimize operational reporting.

PROJECTS

Smart Parking System – Android Application — *Lead Developer* Java, Android Studio, SQLite, XML, Material Design 3

- Built a native Android application enabling real-time parking slot booking, vehicle park/unpark time tracking, and overtime fine calculation.
- Implemented SQLite database for local transaction logs, receipt generation, and an Admin Dashboard for revenue tracking.

Doctor Appointment Management System 🏆 **3rd Prize – College Project Exhibition** Java, MySQL, OOP, DBMS

- Designed a modular Java enterprise application for clinical scheduling, utilizing core Object-Oriented Programming principles and MySQL DBMS.

BEATBOX – Music Player Web Application HTML5, CSS3, JavaScript, VS Code

- Built an interactive frontend music player featuring emotion-based music categories, play/pause controls, search, and smooth UI animations.

Automatic Medicine Intimator — *IoT Project Expo 2026* Arduino Nano, RTC Module, LCD, Buzzer, Embedded C

- Developed an embedded healthcare IoT prototype reminding patients to take scheduled medication via LCD display and buzzer alerts.

TECHNICAL SKILLS

Languages:	Java
DSA in Java:	Data Structures & Algorithms (DSA in Java), Object-Oriented Programming (OOP)
Algorithms:	Algorithmic Problem Solving, Algorithm Design, Time & Space Complexity Analysis
DBMS:	Database Management Systems (DBMS), MySQL, SQLite
Web Development:	HTML5, CSS3, JavaScript (ES6+), DOM Manipulation, Responsive Web Design

EDUCATION

Atria Institute of Technology Bengaluru, Karnataka
Bachelor of Engineering – Information Science & Engineering (Current: 3rd Year, 5th Sem) **CGPA: 9.04**

SDMS PU College Passed 2024
PUC – 12th Standard (Science Stream) **Percentage: 90.83%**

KPS N.R. Pura Passed 2022
SSLC – 10th Standard **Percentage: 87.8%**

CERTIFICATIONS & ACHIEVEMENTS

- Maintained an outstanding academic record with a cumulative CGPA of **9.04** in BE and **90.83%** in 12th PUC.
- **Deloitte Technology Job Simulation & Cybersecurity Analyst Job Simulation** (Forage).
- **AWS Cloud Practitioner Essentials** (AWS Training & Certification).
- **Introduction to Generative AI & Responsible AI** (Google Cloud & Simplilearn SkillUp).
- **Java Training Program (Scored 80%)** — Spoken Tutorial, IIT Bombay.
- **3rd Prize Winner** at College Project Expo for Doctor Appointment Management System.
- **Adobe University Hackathon 2026 Participant** (Adobe & Unstop) & CTF 2026 Spider-Man CTF Participant (HackoSquad).
- **National Financial Literacy Quiz 2026** (NISM & SEBI) & **VBYLD 2027 Quiz** (Ministry of Youth Affairs).
